

## Personal, Social and Emotional Development

This half term the children will:

- Learn about hygiene and when washing hands to always use the soap. As they gain more confidence they will be encouraged to ask each other for help.
- Make links between their home and school lives as they talk about their eating habits and how to stay healthy.
- Work on cooperative play as they learn to play together and take turns with diminishing adult assistance.

## Nursery Curriculum Map Spring Term Two 2019 Yummy, Yummy in My Tummy!

## Communication and Language

The children will be improving their listening and communication skills by:

- Using full sentences when they speak rather than single words.
- Putting several sentences together to expand on an idea.
- Responding to things others have said by asking questions or making comments.

Children with English as a second language will also continue to work in small groups to build their everyday vocabulary.

## Expressive arts and design

- The children will be using lots of different non standard materials as they get creative – materials will range from recyclable food cartons to create models to pasta and pulse to create pictures, from vegetables to print with to pasta to create jewellery.
- The children will be developing their role play skills as we create lots of different role play areas.

## Literacy

This term in literacy the children will be:

- Looking more closely at the text in books and searching out individual letters such as the letters in their names.
- Beginning to think about and learn some of the sounds letters make
- Learning lots of rhymes, listening for the rhyming words.

## Mathematics

The children will continue to develop their maths skills this term as they:

- Work on recognising numerals, initially recapping to five and moving on to ten.
- Using numbers in real life contexts as they find numerals in the recipes they are using and use their number skills to help them weigh ingredients.
- Look for and identify shapes in the environment including shapes in different foods.

## Physical

- As the children's control of pens and pencils continues to improve we will be working on drawing more detailed pictures as well as reducing the size of their letters.
- The children will begin learning how to play team games, being aware of others when playing a team game, following the rules and taking turns.
- The children will begin to work on some basic catching and throwing skills.

## Understanding the world

- The children will begin to develop an understanding of growth as we learn about where food comes from and even try to grow some of our own!
- The children will explore their diets as they learn about health and unhealthy foods and the effects both can have on their body.
