

ARK Bentworth Primary Academy SPORTS FUNDING 2017/2018

Since September 2013, Ofsted inspections report on PE and sport provision and on how schools spend their additional funding. We are accountable as a school for how we spend this grant and the impact that it has upon participation and attainment. This document is an overview outlining how we, at Ark Bentworth, have invested the government money and how we will track the impact it has upon our children.

Amount of funding received 2017/2018	£17,700
---	----------------

During the January of the academic year 2014/2015, Ark Bentworth completely renewed their curriculum for Sports, Health & Fitness. The Academy worked alongside a number of top professionals and experts to create a brand new program that aims to inspire and inform. This program has been published by Rising Stars so that other children can also benefit from this program to improve their health and fitness. Last year the Sports, Health & Fitness Program won an award for the Best Curriculum Resource for Schools.

The aim of the sessions; the children rotate between three classes, giving greater context to the learning. For example, children will be learning about how their joints and muscles work in health class right after a vigorous workout in fitness.

Over the past year experts and specialists have come into the Academy to co-teach sessions with the teachers to ensure that they are delivering lessons of the highest quality. We will continue to do this over the coming academic year and also work with outside agencies to provide a much greater variety of activities and opportunities for our children.

How we are spending our 2017/2018 Sports Grant

Additional Provision – After School Clubs`	£8,390
Inter School Activities	£300.00
Sports Day	£350.00
Positive Play Equipment	£2,000
Equipment to support the Health, Sports & Fitness Program	£1,000
Let Me Play Sports Coaches	
Upper Key Stage 2 Model PE	£5,460
To Mark out a Mile in Playground	£200.00 tbc

Measuring Impact

We will be measuring the impact of our spending in the following ways:

- To start mapping the impact of the Daily Mile on fitness and resilience as we roll this out across the school
 - Each child in KS2 will write down their times every day and map their progress over time
- To ensure 100% participation for all pupils in PE
- To increase the number of Pupil Premium children accessing after school activities

The newsletter will communicate to parents and the community the impact of the Daily Mile and will remind parents to encourage their children to take part and report their progress back to them at home.

Reviewing & Improving Our Sports Offer

We will review the quality of the Sports offer provided at Ark Bentworth and look to include a section with the School Evaluation as to how this can be developed and improved.
