

## Home/School Prep

Once completed the children can bring in their home learning and present them to the class. The deadline is Wednesday 3<sup>rd</sup> April 2019.

## Literacy

### Fiction: The Magic Porridge Pot

In Literacy we will begin by focussing on the Magic Porridge Pot. We will be learning the words, rhythm and structure of the text and then moving on to rewriting it with altered events and characters and then finally writing our very own narrative.

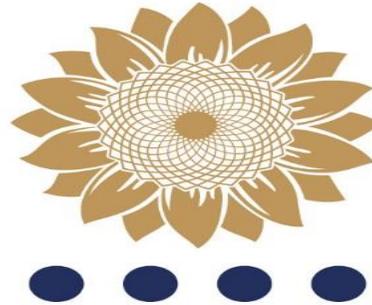

Following this we will learn how to write reports. The children will be learning how to write a non-chronological report based on a scientist or inventor which we have studied in science.

Through this half term we will be focusing on enhancing our writing with adjectives, simile and alliteration. We will also be focusing on handwriting ensuring that every piece of work showcases our best handwriting.

## Science

This term we will be exploring different scientist and inventors from the ages. We will be thinking how these inventors and scientist have directly impacted our lives.

## Year 1 Curriculum Map Spring 2

## How to help your child's learning

**Reading:** Your child will be given a stage for their home reading books. They will bring home a new book each week along with one from their phonics group, which they are expected to read. Please support your child with developing their comprehension by listening to them read and checking that they understand what they have read. Ask as many questions as you can using the 5W's: Who? What? When? Where? Why? Children should be reading with an adult at least 5x per week for minimum of 15mins.

**Spelling:** Your child will be practicing spellings every day during phonics lessons but they will also take spellings home every Friday to learn for a test the following Friday. It would be great if you could regularly test your child on their spellings at home to set them up for success (make sure to use the phonics sounds for the green words).

**Maths:** To support your child's maths development please ensure they are regularly telling the time to half past and o'clock.

## Topic and Other Subjects

Our big question is: What makes Britain beautiful?

**Cooking and nutrition:** This half term we will be making simple foods from the countries making up the United Kingdom.

## Maths

- Measurement focus on length using Meters and centimetres
- Weight focus on measuring with Kilograms
- Number 50-100
- To be able to represent numbers to 100 using tens and ones
- Addition and subtraction to 100
- Word problems using numbers up to 100
- Addition and subtraction with regrouping

## Key Days and Events

**Health, Sports & Fitness – P.E** will take place on Tuesday and Friday afternoons. Please come to school wearing the correct school kit.

### Trips

**27<sup>th</sup> of March-** changing of the guards at Buckingham Palace  
**3<sup>rd</sup> April-** Princes Diana memorial park
