

Literacy

- Take a Toolkit from class and tick off 10 things you've included in a story you've made on your own. **X10 resilience tokens**
- Write out the story of The mystery of the Ottoman's Chest - use paragraphs.
- Teach your family the parts from the story map you add actions to.
- Ask an older member of your family to write a story that is quite boring and short. Edit the story and make their story sound more exciting using sophisticated vocabulary

Maths

- Complete 2 challenge sheets in under 4 minutes. You'll have to work your way up to this! **X 10 resilience tokens**
- List 50 equations you can do mentally (year 3 level not year 1 level math)
- Create two step word problems that require two different operations
- Take home my challenge cards and bring it back completed

Art

Why not create your own print designs of Egyptian hieroglyphs? Use Kiddle.co (child friendly search engine) Use an improvised stamp to create your own print patterns. You can also use old teabags, dab it on white paper to make it look old. Dry it, then put hieroglyphs on it

Were Mummies Really Marvellous?

Reading

- Reading list books – take a trip to the library and read two books in one week.
- Try reading with fluency and **expression.**
- Why not recreate the story you are reading in a shortened version

Science

Use Kiddle to do some research on what is dark matter. Find out why space is dark. What is making our galaxy spin? Why don't we spin off earth if it is really spinning? Would you fly backward if you jumped up on a train? How does a compass work? Where wouldn't a compass work very well?

Topic

- Find out how many pyramids there are in the world
- Find out the two most famous Pharaohs and what they were known for
- If you take one thing to ancient Egypt to show them of the world today. What would that be? Remember it has to be something you can talk a lot about.
