

Literacy

- Write your own story, building anticipation to enliven narration by balancing short and long sentences.
- Research your favourite author and write a biography about them.
- Write a book review and share it with your friends.
- Learn your favourite poem off by heart - Challenge! Why don't you perform it in assembly?
- Practice grammar skills.
- Write a synopsis for the book you are reading.
- Write letters of advice, thanks or complaint

Maths

- Prepare for Year 7! Look out for any second hand revision guides that may be being sold second hand.
- Practice your skills from across the curriculum in everyday life situations; baking, shopping, keeping your family on track by telling the time, reading bus and train timetables when out and about.
- Take advantage of your last half term with Athletics and try to achieve as many certificates as you can!

Music

- Write a story to go with a piece of classical music. How does it make you feel? Why do you think this?

Year 6
READ EVERYDAY FOR
45 MINUTES

Science

Choose a scientist of your choice and create a fact file of this person. Remember to include:

- Early life and their journey to becoming a scientist.
- What field they work in and the impact they have had on society.

PHSE

Thinking about our school value of "Happiness". Write a 'How to survive...' guide for your friends and family. Keep Calm, smile and make great memories!

Topic

This half-term Year 6 will start learning about OUR CHANGING WORLD. This includes:

- explain what weathering and erosion mean;
- describe how erosion and deposition change the look of a coastline;
- name an area of the UK which has been affected by coastal erosion;
- identify how the UK's borders have changed over time;
- describe some ways that human activity changes the landscape.
