## A message from the Head of School

Welcome back to the second half of the Summer Term!

We are now in the final 7 weeks of what has been a wonderful year of learning. There are a lot of trips and activities planned for this term so please, please, please do make sure that you put all the dates in your diaries!

Over the coming weeks I have invited some people from the world of industry to come in and talk to our Years 4, 5 & 6 students about how they got to the positions they are in now and how their education helped. As you are all aware, I am very keen to make sure ALL of our students are equipped, when they leave Bentworth, with the skills that they can develop when they go to Secondary School that will help them eventually get a job or to go to University or even an apprenticeship that will lead to full time employment. Our children need to be exposed to the range of different jobs that are out there... they need to start thinking about the jobs that are out there and they need to start thinking about the skills that they may need in order to reach their ambitions.

So I am asking you as a community... if any of you would like to come in and talk to our children about the jobs that you do and how your education has helped you get there.... Then please do come and see me. I would love to have you talk to our children!

I hope you all have a lovely weekend and I look forward to seeing you all on Monday.
