## A message from the Head of School

It has been a very busy week here at the school. We are definitely back into the full swing of work.

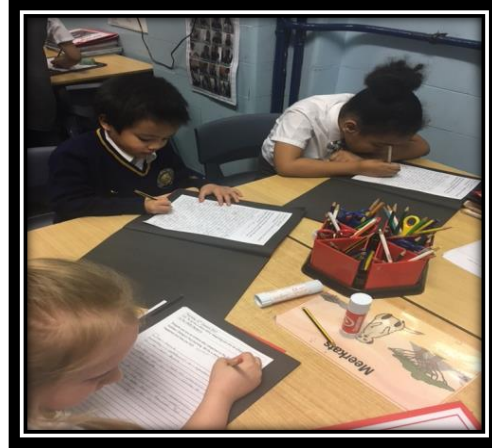

Just before the holidays you would have all received your child's individual results from their assessment tests. As you are all aware the language of assessment has now changed and we don't refer to levels but scaled scores and whether our child is Working at the Expected Standard or Working at Greater Depth. The expectation is that if your child's scale score is 100+ then they are generally working at the Expected Standard. Any change can be very confusing but as the standards have now been raised; your child's score may not be where you think they should be. This is a natural reaction as we all want our children to be 100+.

It is now that we need to make sure that we are having regular conversations with the teachers about what needs to be done in order to ensure the children are working towards the 100 and being 100+. If you have any questions, queries of concerns about the results then please do make sure that you speak to the class teachers as well as myself or Miss Monte as we are here to give advice at all times. It is sometimes the smallest bit of support that can have the biggest impact. We are all here to support you and your children as we all want them to succeed!

The weather is proving to be incredibly variable at the moment so can we please make sure that your child comes to school with a coat on. We need to keep the children warm and those bugs at bay!

I hope you all have a great weekend and I look forward to seeing you all Monday.
