Dear Parents/Carers

I hope this letter finds you and your family safe and well.

As you will probably have seen, the Prime Minister has set out the Government's plan to gradually ease the lockdown and manage the Coronavirus pandemic over the coming months.

The Government has said that it would like to be able to begin a phased reopening of early years settings and primary schools for children in Reception, Year 1 and Year 6 at the beginning of June, with the hope that all primary school children can return to school for one month before the start of the summer holidays. **These plans are not guaranteed and will depend on infection rates decreasing.**

We expect to receive guidance and specific details from the government over the next week about how we can implement these plans safely.

Please note that we will not simply resume 'business as usual' at school. Careful planning and safety measures will need to be implemented. I want to reassure you that any plans we put in place will have the health and safety of our students, staff, parents and community at the forefront.

We will be in touch as soon as possible to share our plans with you and thank you for your patience.

If there is anything else we can do to support you at this time, please do not hesitate to get in touch.

With kindest regards

Karinne Faddy

Head of School
